

Security Assessment

A Top7 CISO Service • **PROJECT**

A structured, scoped path to SOC 2, HIPAA, or CMMC readiness, led by someone who has been through certification before. You get a faster, more predictable path to passing your audit.

HOW IT WORKS

1. Scope the framework
2. Run the gap assessment
3. Remediate & build evidence
4. Support the audit

VALUE TO YOU

- A guide who's done this before
 - Faster, more predictable certification
 - Lower risk of a failed audit
