

Systems & ERP Selection

A Top7 CFO Service • PROJECT

QuickBooks-to-ERP transitions and finance tech stack modernization, evaluated and implemented by someone who has done it before. You get a system chosen once, correctly, instead of a costly do-over in two years.

HOW IT WORKS

1. Assess current systems & gaps
2. Evaluate & select the right platform
3. Manage implementation & migration
4. Train the team on the new stack

VALUE TO YOU

- A system that scales with you, chosen once, correctly
 - Less disruption during the transition
 - A finance stack that supports growth
