# Security Management

A Top7 CISO Service • **FRACTIONAL**

Ongoing, embedded security leadership that owns your program the way an in-house CISO would — strategy, roadmap, and reporting, scoped to your stage. You get executive security ownership without the cost of a full-time hire.

## HOW IT WORKS

---

1. Assess current posture
2. Build the risk register & roadmap
3. Execute a 30/60/90 plan
4. Report progress monthly

## VALUE TO YOU

---

- Executive security ownership without a \$300K+ hire
  - One accountable leader, not a rotating bench
  - Continuity from build to run
-
