# Post-Close Integration & Cleanup

A Top7 COO Service • **PROJECT**

Combining operating models after an acquisition, planned to minimize disruption and realize synergies quickly. You get one coherent operating model instead of two competing ones.

## HOW IT WORKS

---

1. Assess both operating models
2. Design the combined operating model
3. Execute the integration plan
4. Stabilize & monitor performance

## VALUE TO YOU

---

- Faster realization of operational synergies
  - Less disruption during the transition
  - One coherent operating model post-close
- 

**Let's talk about your operating backbone.** [info@top7llc.com](mailto:info@top7llc.com) | [www.top7llc.com](http://www.top7llc.com)
